DIRECTIONS FOR USE:

SITUATION	STATE	APPLICATION RATE	CRITICAL COMMENTS
<u>General Herbicide Sprays</u> High Volume Power Sprays Low volume boom spray Misting Machines Knapsack	All States	10 mL/100L 40mL/100L 5 mL/5L 2mL/15L	Only apply when a surfactant/ wetting agent is recommended by the manufacturer on the herbicide label.
<u>Contact Herbicides</u> High Volume Power Sprays Low volume boom spray		120mL/100L 120mL/100L	Contact herbicides (eg Paraquat formulations) require high rates of Generex 1000 Wetting Agent to ensure thorough coverage of weeds to be sprayed. This is particularly important for treating grasses and tall dense vegetation.
Soil Residual Herbicides Eg Atrazine 900DF Herbicide		100 to 400 mL/100L	When apply with products such as Atrazine 900DF Herbicide to standing weeds, add Generex 1000 Wetting Agent to thoroughly wet foliage. Consult individual product label recommendations.
Fire Fighting Water Tanker Knapsack		5mL/100L 1mL/15L	For use in fire fighting situations to increase the wetting power of water.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

This product is a spray additive for use with most herbicides as recommended on individual product labels. It increases herbicide activity by providing better wetting, absorption and spray coverage.

For foliar active herbicides the product should be applied to the point where leaves and stems are wet. Avoid causing excessive run-off. When treating hairy or waxy leafed plants, the addition of Generex 1000 Wetting Agent at higher rates will increase herbicide activity.

Mixing Instructions

Half fill the spray tank with water. With the agitation system engaged, add the required amount of the herbicide, followed by the required amount of Generex 1000 Wetting Agent and finally top up with the remainder of the water.

PROTECTION OF LIVESTOCK, FISH, CRUSTACEA AND ENVIRONMENT

Toxic to fish.

Do not contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL

Keep out of reach of children.

Store in the closed, original container in a cool, well ventilated area. Do not store for prolonged periods in direct sunlight.

Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean container to recycler or designated collection point.

If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS

Avoid all skin and eye contact. Wear rubber/ PVC gloves, goggles and overalls.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (tel: 131126)

If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

Additional information is listed in the Material Safety Data Sheet (MSDS).

NOTICE TO BUYER

To the extent permitted by law all conditions and warranties and statutory or other rights of action which buyer or any other user may have against Macspred or Seller are hereby excluded. Macspred hereby gives notice to buyer and other users that it will not accept responsibility for any indirect or consequential loss arising from reliance on product information or advice provided by Macspred or on its behalf unless it is established that such information or advice was provided negligently and that the product has been used strictly as directed. Macspred's liability shall in all circumstances be limited to replacement of the product or a refund of the purchase price paid therefor.
